Kindergarten Learning Activities

May 4-8

Read with your child every day

Try to do one activity from each column daily

wellness	play	literacy	numeracy
We eat all the parts of plants: seeds, roots, flower and stem. Ask a grown up to help you make a healthy snack for your family. What parts of the plants are you eating?	Watch this video on parts of the plant we eat.	Letter Hunt - Find things that start with the letter Yy. Practice printing Yy by using things like pencil and paper, finger in salt, stick in the dirt or with play dough!	Go on a number hunt. Print the numbers 1-10 on paper. Cut the numbers apart. Have someone hide the numbers then you go and find them.\nOnce you have found them all put them in order.
Make a poster to help remind everyone in your family to wash their hands.	Listen to this story about plants.	In your journal this week draw some things that you can see are growing in your yard. Add some labels by stretching out the sounds you hear in the word.	Gather a "collection" of items to count. Click here for how to do counting collections.
Read The Rock Monsters. Create your own rock monster(s) and hide it (them) around your neighbourhood.	Learn how to make a paper airplane.\nTry your own design(s) and then try flying them. Which one goes the farthest?	Read the story Your Garden. Practice reading it 3 times to your family. What part of the plant is each of those vegetables?	Learn to play the card game Garbage. Here are the instructions.
Make a map of your heart. Show the things that are important to you and what makes you happy.\nClick here for template of a heart:	Find something that could be a treasure. Hide it and make a map to show where your treasure is hidden. Ask someone in your family to use the map to go on a treasure hunt!	Pick 5 letters we have learned and teach someone in your house the sound and the action that goes with each letter.	How many ways can you show the number 7? Draw them in your math book and take a picture to send to your teacher. Then have fun making your 7 dude.
